

Issue 100: INSIDER'S EDGE: A New Website and a Major Milestone!

Happy Friday and welcome to a very special edition of the *Insider's Edge* with your hostess, Medicaid Marge!

Navigating the changes underway in Maryland due to health reform isn't always easy, but thanks to all the Insiders out there, we've made great progress. The *Insider's Edge* also hit a big milestone today as this is the 100th issue!

Hard to believe, I know!

A major milestone IS cause for celebration!

While I still haven't figured out how to send along any special gifts or even that cup of coffee you might be craving digitally, I am pleased to announce the availability of a new resource many readers have requested! All back issues of the *Insider's Edge with Medicaid Marge* are now available online, <https://mmcp.dhmf.maryland.gov/medicaidmarge/SitePages/Home.aspx>.

Using the new webpage, you'll be able to search for issues by keyword or look up specific back editions by issue number. Future editions referencing back issues will also include hyperlinks to the relevant issue, so there's no more need to dig through your old e-mails.

Thanks to everyone for reading and for all your hard work out in the field putting policy into practice! Keep those questions coming!! Send them to dhmf.medicaidmarge@maryland.gov.
